

A HOLLYFRONTIER BUSINESS

COMPLETE CONTROL DELIVERING COMPLETE PEACE OF MIND

The Petro-Canada Lubricants Cabinet for **PURITY™ FG**

Throughout the food industry, compliance in the storage and management of your food grade lubricants is a serious challenge. The solution is the Petro-Canada Lubricants **PURITY FG CABINET**. Our purpose-built cabinet puts you in control.

PEACE OF MIND

Fully audit compliant. Holds reference folders for all product safety and technical information.

CLARITY AND EFFICIENCY

Clear product labelling & colour coding system greatly reduces the risk of misapplication.

PROTECTION AND CONTROL

Prevents contamination and spillage risks, keeps all lubricants organised and easy to manage.

PURPOSE-DESIGNED FOR YOUR INDUSTRY

• **Robust structure.** Made from 304 stainless steel, the preferred grade for the food industry

Two options available:

- i. PURITY FG Cabinet Stand Only
- ii. PURITY FG Cabinet Stand and Equipment (Four standard jugs plus one measured pump jug, and two transparent grease guns)

• **Housekeeping sorted.** Upright, banded storage for oils & greases. Drip tray for grease guns

• **Safety.** Locker for aerosols and cartridges; keep important products secure

PURITY FG: PROTECTION THROUGHOUT YOUR PLANT

The PURITY FG brand is trusted across the industry, combining outstanding lubricant performance and equipment protection with a complete range of food grade approvals and credentials including:

- NSF H1 for incidental food contact
- Kosher Pareve and Halal certifications
- Allergen Free and Total Traceability
- Extensive Industry and OEM specifications:
 - ISO 21469 certification for most lubricants
 - Petro-Canada Lubricants' Warranty
